

RESIDENTIAL LIGHTING SOLUTIONS

INVISIBLE BY DAY, EXPRESSIVE BY NIGHT PERMANENT HOLIDAY LIGHTING SOLUTIONS

Never hang holiday lights again!

Invisible by day, expressive by night permanent holiday lights.

Oelo brings your outdoor style to light with permanent structural lighting for your home. Practically invisible by day, Oelo's permanent LED holiday lights blend in with your home's fascia for a seamless look, while Oelo's color-changing lights are uniquely expressive by night thanks to Oelo's customizable color app. Install our lights once and let them light up your day-to-day moments, celebrations and seasons for years to come!

THESE AREN'T YOUR ORDINARY HOLIDAY LIGHTS. THIS IS A SYSTEM!

WIFI OR CLOUD-BASED CONTROLS — PGS 4-7

- In-range WiFi OR cloud-based app operation
- 16 million hues, plus fun movement settings
- Ability to save patterns and load pre-made programs
- Built-in timer inclusion automatically turns on lights

OELO'S PERMANENT DESIGN — PGS 8-11

- Choose from Oelo's metal or acrylic cover options
- Available in an array of colors (or custom powder coat)
- UL-certified, IP68 waterproof-rated LED lights
- Rated for 100,000 of use (or 34 years of nightly glow)

WHY INVEST IN OELO?

✓ INVISIBLE BY DAY ... expressive by night

- ✓ YOU'LL NEVER HAVE TO HANG HOLIDAY LIGHTS AGAIN
- ✓ THE OELO SYSTEM IS RATED FOR 100,000 HOURS OF USE (The equivalent of 34 years of nightly 8-hour glow)
- ✓ DOUBLES AS SAFETY AND SECURITY LIGHTING!
- ✓ CUSTOMIZABLE FOR EVERY MOOD OR MOMENT!
Oelo's multi-color system provides endless festivity. (With our app's color wheel and movement modes, you can showcase your holiday luster, support your favorite team or create social awareness any night of the year.)

Festivity. All year long.

Oelo's **standard in-range WiFi App** or optional cloud-based **Anywhere App** feature more than 16 million hues and fun movement settings to showcase your holiday luster, support your favorite teams and create social awareness.

Choose from 16 million hues

... fun movement patterns

... then save your patterns.

Set the built-in lighting timer!

* The Anywhere App is only compatible with Oelo cloud-based control units and offers additional movement modes.

SEPTEMBER

OCTOBER

NOVEMBER

DECEMBER

STATIONARY
Choose this mode for an iconic Christmas light look.

MARCH
March a repeated pattern using selected hues.

CHASE
Pick two colors (or more) to chase each other.

STREAK
Control speed and gaps to create a streak effect.

SPLIT
Evenly split two colors for a dual-lighting result.

BOLT
Illuminate LEDs one by one for a bolt sequence.

SPRINKLE
Slightly fade each LED for a sprinkling illusion.

TWINKLE
Drastically fade each LED for a twinkling effect.

RIVER*
Blend transitioning colors for a subtle flowing effect.

TAKEOVER*
Take over your marching pattern with the final hue.

BLEND*
Blend multiple colors for a gradient effect.

SPOTLIGHT*
Illuminate select LEDs for security lighting.

Control multiple structures anywhere with the optional Oelo Anywhere app

(Even while you're away on vacation!)

* The Anywhere App is only compatible with Oelo cloud-based control units.

Multiple buildings, color-changing, from anywhere!

With our **optional Oelo Anywhere app**,* customize your lighting, save your favorite patterns, schedule those patterns up to 12 months in advance and control your lights, zones and multiple structures from anywhere in the world. Our cloud-based system can be controlled from your desk via web browser or from your iPhone/Android device through WiFi, cellular or Ethernet connection.

Cloud-based / multi-structure systems use the Oelo Anywhere app, available on:

Invisible by day ... seamless by design.

Oelo's patented system blends in seamlessly with any structure, available in acrylic or metal cover options. If you're looking for a flush look, our acrylic system hides the LEDs behind a lens, while our metal option features minimal mounting components, perfect for DIY installs or residential structures with limited fascia.

IMPACT-RESISTANT ACRYLIC

Oelo's acrylic cover features an impact-resistant, fade-resistant flush design. Because our LEDs are IP68 waterproof rated, the cover's main function is to mount the lights in a permanent, aesthetic way.

- ✓ **LED appearance:** Spaced 10" or closer behind translucent lens for a flush look
- ✓ **Length:** 8' increments that can be cut to size, allowing the system to be customizable
- ✓ **Colors:** Available in a variety of standard colors.

DURABLE METAL CHANNEL

Our American-made metal LED cover offers quick installation. With minimal mounting components and a variety of bends to achieve different looks, this channel is a favorite for DIY installs.

- ✓ **LED appearance:** Snaps into channel for quick install and even spacing
- ✓ **Length:** 7' 6" increments that can be cut to size, allowing the system to be customizable
- ✓ **Colors:** Available in a variety of standard colors (or optional custom powder-coat color match)

TEXAS

Versatile lighting for years to come.

Our **IP68 water-proof rated LED lights** deliver Oelo's infinite lighting capabilities. Plus, each 36V system is rated for 100,000 hours of use, the equivalent of 34 years of nightly 8-hour glow, while Oelo's patented cover system is designed to withstand the elements while providing different mounting options.

MOUNTING OPTIONS FOR EVERY HOME

The Oelo acrylic system creates a flush look, while our metal channel system features a variety of bends for added mounting options.

And check out our **NEW C Slim channel**. If your home has exposed rafters, this bend can be mounted to the bottom fascia board for downward lighting. (This type of fascia is typically found on adobe-style homes.)

YOU CHOOSE ... TRADITIONAL, WALL WASH, ACCENT LIGHTING OR ALL THREE!

FACE MOUNT

The traditional holiday look

Oelo can be hung on the fascia, pointing outward for a traditional Christmas light glow. The system's LEDs are visible from every angle using this effect. And while this is considered our most traditional look, Oelo's app lets you create "gaps" in the lighting by allowing you to control each individual LED for a modern lighting effect.

UNDER MOUNT

The outdoor wall wash effect

Oelo is one of the few permanent lighting systems that can be hung BOTH on the fascia AND under the eaves. The under-mount effect creates a wall-wash glow, illuminating the exterior with color to eliminate shadows and highlight the wall. This effect is compliant with the Dark Sky Initiative because the LEDs are angled downward.

ACCENT MOUNT

Exterior wall grazing

Wall grazing lighting is created when the channels are mounted downward (or upward) and then select LEDs are turned on (or off) to accent an architectural feature of the exterior, like a pillar. Grazing often uses white light, but with Oelo's 16 million hues, creativity is endless. Homeowners love using it to highlight architectural features.
